ShodashVarga Charts

Divisional Charts are extensions of Lagna Chart. Every chart has some specific purpose as described along with the chart below. These charts are to be studied along with the basic lagna chart to know in detail about the subject it represents. However, care has to be exercised in looking into these charts, because there are no aspects of planets here. Planet's behaviour is normally limited to the extent of sign or house it occupies in these divisional charts.

Yoga Karakas

In any horoscope, some planets give positive results & some give negative results depending upon the lordship and its placement. These planets behave differently in different dasa periods depending upon the placement of dasa lord and their relation with dasa lord. For the convenience, we have computed the benefic property of the planet in percentage. Any planet securing over 50 points may be taken as benefic and below that it is malefic. Using this information you can study the dasa effects of your horoscope yourself. Similarly, the effect of transits can also be studied using this data.
